To Honorable Kenneth Mahoney, Chairman, Members Board of Commissioners and Citizens of Muskegon County:

State law requires that all general-purpose local governments publish within six months of the close of each fiscal year a complete set of financial statements presented in conformity with generally accepted accounting principles (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. Pursuant to that requirement, we hereby issue the comprehensive annual financial report of the County of Muskegon for the fiscal year ended September 30, 2008.

This report consists of management's representations concerning the finances of the County of Muskegon. Consequently, management assumes full responsibility for the completeness and reliability of all the information presented in this report. Management of the County of Muskegon has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County of Muskegon's financial statements in conformity with GAAP. Because the cost of internal controls should not outweigh their benefits, the County of Muskegon's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County of Muskegon's financial statements have been audited by Rehmann Robson, a firm of licensed certified public accountants. The independent auditor concluded based upon the audit, that there was a reasonable basis for rendering an unqualified opinion that the County of Muskegon's financial statements for the fiscal year ended September 30, 2008, are fairly presented in all material respects in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County of Muskegon's MD&A can be found immediately following the report of the independent auditors.

Profile of the Government

The County of Muskegon, incorporated in 1859, is located in the western part of the state, which is considered to be a strong employment area in the state, and one of the top tourism areas. The County of Muskegon currently occupies a land area of 527 square miles and serves a population of 170,200 (2000 U.S. Census). The County of Muskegon is empowered to levy a property tax on both real and personal properties located within its boundaries.

The County of Muskegon has operated under the elected Board of Commissioners form of government since 1970. Policy-making and legislative authority are vested in a governing Board consisting of the chairman and ten other members. The governing Board is responsible, among other things, for passing ordinances, adopting the budget, appointing committees, and hiring. The administrator is responsible for carrying out the policies and ordinances of the County's governing body and for overseeing the day-to-day operations of the government. The Board is elected on a partisan basis by district. Board members serve two-year terms.

The County provides a full range of municipal services. These services are either mandated by State statute or authorized by the County Board of Commissioners. These include legislative, judicial, public safety (police), health, mental health, welfare, culture, recreation, public improvements, wastewater treatment, solid waste disposal, transportation (airport and bus service), and general administrative services, including vital statistics and record keeping for births, deaths and property. Certain roadway services are provided by our component unit, the Muskegon County Road Commission.

The County adopts its annual budget in accordance with the State Uniform Budgeting and Accounting Act. The general, special revenue, and debt service funds are under formal budgetary control. All departments of the County of Muskegon are required to submit budget requests to the Administrator in February. The Administrator then presents a proposed budget to the Board for review. The Board holds public hearings in August and September and a final budget is approved prior to September 30, the close of the County's fiscal year. The appropriated budget is prepared by fund and department. Management can do transfers within funds at the departmental level without governing Board approval for other than the General Fund. Transfer of appropriations between funds, however, require special approval of the Board.

Factors Affecting Financial Condition

The information presented in the financial statements is perhaps best understood when it is considered from the broader perspective of the specific environment within which the County of Muskegon operates.

Local Economy. Muskegon County is a growing area in Western Michigan. As the Muskegon Metropolitan Statistical Area (MSA), Muskegon is and continues to be a place of industrial development with major manufacturers in aerospace, automotive, defense, life sciences, and related industries. The industrial base in Muskegon contributes to the economic growth of the area and helps new industries like energy technology. The quality of life near the fresh water lakes makes Muskegon and all of West Michigan the “place for fun in the sun”. This is why Industry Week consistently ranks West Michigan as a "World Class" community.

The whole view of Muskegon County can be seen from a national perspective. Tax laws are very favorable for retirees and retiree homesteads in Michigan. Aging boomers are staying active longer and are making more demands on health care. Boomers are also going back to school for higher degrees during the later years. This is seen in a comparison between the years of 2000 and 2005 by W.E. Upjohn Institute. Higher level degrees have increased on average by 3% in Muskegon County as they relate to residents 25 and older. With Muskegon County having excellent health care facilities and the availability of University level degrees through two colleges in the community, Muskegon County is positioned to provide an excellent retirement choice for future retirees and the increased spending they provide.

While manufacturing employment is predicted to have a slowdown statewide, Muskegon is maintaining its employment size. The commercial, industrial and tourism components of the Muskegon economy continue to add to our employment base. Important individual companies in the County, their employment and business are as follows:

Howmet Turbine Components Corp. (A subsidiary of Alcoa Inc) - This company has over 1,900 employees. Howmet manufactures investment grade castings for the aerospace industry. Howmet is the largest defense contractor in West Michigan.

Mercy Health Partners - This company employs approximately 3,200 employees and is the County’s largest employer. They provide comprehensive health care services for the community. The Mercy Health system also provides regional health care services which include heart and kidney specialty centers.

Diversified Machine - This company has approximately 375 employees. They manufacture automotive piston rings and are the world’s largest supplier. They maintain their division headquarters in Muskegon.

Johnson Technology - This company has approximately 500 employees and provides precision machining, laser and tooling, and stem drilling nationwide.

L-3 Communications - This company has approximately 530 employees and manufactures military engines and transmissions and is a large prime defense contractor in Muskegon County.

Eagle Alloy - This company is locally owned, has approximately 300 employees and manufactures steel castings.

Michigan Adventure - Muskegon County is home to the only amusement park in Michigan, featuring the state's largest water park and the world's third largest wooden roller coaster. It attracts over 550,000 visitors annually and employs over 1,400 in the summer season.

In addition, other significant employers in Muskegon County include: Holland USA (300, automobile supplier), Adac Plastics (480, automotive), Meijer Inc. (1150, retail sales), Michigan State Government (847, prisons), and Muskegon Public Schools (878, education).

Retail sales within the County have grown by 63% during the last ten years as well. The retail sales are as follows:

1997	\$1,358,224,000		2002	\$1,803,714,000
1998	\$1,419,899,000		2003	\$1,791,460,000
1999	\$1,522,000,000		2004	\$2,076,771,000
2000	\$1,710,662,000		2005	\$2,170,576,000
2001	\$1,782,984,000		2006	\$2,149,507,000

Long-term financial planning.

The County of Muskegon participates in a multiple employer defined benefit pension plan for its employees. Each year an independent actuary engaged by the pension plan calculates the amount of the annual contribution that the County of Muskegon must make to the pension plan to ensure that the plan will be able to fully meet its obligation to retired employees on a timely basis. As a matter of policy, the County of Muskegon fully funds each year's annual required contribution to the pension plan as determined by the actuary. As a result of the County of Muskegon's conservative funding policy, the County of Muskegon has succeeded as of December 31, 2007, in funding 85 percent of the present value of the projected benefits earned by employees.

The County of Muskegon also provides post-retirement health and dental care benefits for certain retirees and their dependents. As of the end of the current fiscal year, there were 420 retired employees receiving these benefits, which are financed through a defined benefit trust. Additional information on the County of Muskegon's pension arrangement and post-employment benefits can be found in Notes 8 and 12 in the notes to the financial statements.

Relevant financial policies. Per Michigan Statutes Annotated (M.S.A.).843 (1) the Board of Commissioners has authorized the County Treasurer to invest surplus funds belonging to, or under the control of the county, in certificates of deposits, commercial paper, and direct obligations of the United States. The investment limits are 1) no more than 50% in commercial paper, and 2) any investment in commercial paper must have a rating within the three highest classifications of two standard rating agencies.

It is the county's policy to safeguard all investments to the maximum practicable and allowed by law. To this end, third-party safekeeping and collateralization is used where available. If these are not available, close monitoring of the investment's underlying security (usually the issuer) is made and continual evaluation is done as to the issuer's stability in the marketplace.

Idle cash of the County of Muskegon was invested in certificates of deposit, commercial paper, and money market funds in accordance with state law and local policy. The investment program yielded \$4,069,069 in 2007, and \$3,233,814 in 2008 for an average yield of 4.78 percent and 4.46 percent, respectively.

Investment of idle cash is one of the few means which the county has to increase revenues without increasing taxes or fees. Strong cash management efforts have made the county successful with its cash returns.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Wastewater, Solid Waste, Northside Water, and the Airport enterprise funds are charges to customers for sales and services. The County's internal service funds recognize as operating revenue internal transfers intended to recover the cost of providing specific benefits and equipment to employees and departments within County operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

Major initiatives.

In 2008, a sluggish economy caused our property tax valuations to increase only 3.35% compared with an initial estimate of 5.0%. This loss of \$703,000 was offset by reductions in expenses across all programs. Reductions also occurred in interest earnings as rates have dropped by as much as 20%. Good news occurred with the announcement of a major casino to be built at the location of a former horse racetrack with additional construction of hotels and other entertainment establishments as construction is completed. The selling of County land for an ethanol production facility also will be a solid increase in our tax base.

Our wastewater system is in the final phase of a major replacement of more than 8.5 miles of pipeline with construction being funded by \$33 million in low interest bonds from the State of Michigan. The interest rate of 2.5% is very low in relation to current rates over 6%

Awards and Acknowledgments

In 2008, independent auditors were engaged for the thirty third consecutive fiscal year to perform an annual audit of the county's books of account, financial records, and transactions. The opinion of Rehmann Robson, independent certified public accountants, is included in this report.

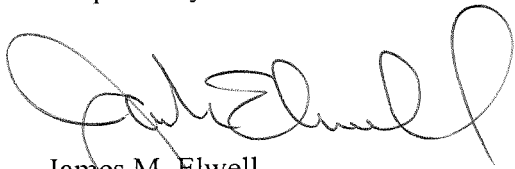

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Muskegon for its Comprehensive Annual Financial Report for the fiscal year ended September 30, 2007. This was the thirtieth consecutive year that the county has received this prestigious national award recognizing conformance with the highest standards for preparation of state and local government financial reports.

In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized (comprehensive annual/component unit) financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of this report on a timely basis could not be accomplished without the efficient and dedicated services of the entire staff of the Finance and Management Services Department and particularly our accounting staff. I would like to express my gratitude to all members of the department. I would also like to thank you and the members of the Muskegon County Board of Commissioners for your interest and support in planning and conducting the financial operations of the County of Muskegon in a responsible and progressive manner.

Respectfully submitted,

James M. Elwell
Interim County Administrator

Certificate of Achievement for Excellence in Financial Reporting

Presented to

County of Muskegon
Michigan

For its Comprehensive Annual
Financial Report
for the Fiscal Year Ended
September 30, 2007

A Certificate of Achievement for Excellence in Financial Reporting is presented by the Government Finance Officers Association of the United States and Canada to government units and public employee retirement systems whose comprehensive annual financial reports (CAFRs) achieve the highest standards in government accounting and financial reporting.

Independent Auditors' Report

To the Board of Commissioners of the
County of Muskegon, Michigan

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Muskegon, Michigan, as of and for the year ended September 30, 2008, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the County of Muskegon's management. Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Muskegon County Road Commission, the discretely presented component unit. Those financial statements were audited by other auditors whose report thereon has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Muskegon County Road Commission, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the County of Muskegon, Michigan, as of September 30, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 22, 2009, on our consideration of the County of Muskegon's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Governmental Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis, budgetary comparison information and schedule of funding progress on pages 15 through 29 and pages 98 through 101 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County of Muskegon's basic financial statements. The introductory section, combining funds statements and schedules and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining funds statements and schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical section have not been subjected to the auditing procedures applied by us in the audit of the basic financial statements and, accordingly, we express no opinion on them.

A handwritten signature in black ink, reading "Lehmann Johnson". The signature is written in a cursive, flowing style.

Muskegon, Michigan

Management's Discussion and Analysis

Management of the County of Muskegon offers readers of these financial statements a narrative overview of the financial condition and activities for the year ended September 30, 2008. Please read this narrative in conjunction with the review of our financial statements, financial statement notes and the transmittal letter.

Financial Statement Presentation

The financial statements presented herein include all the activities of the County of Muskegon and its component units using the format as prescribed by Governmental Accounting Standards Board (GASB) Statement No. 34.

The County of Muskegon's financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other required supplementary information in addition to the financial statements themselves.

THE COUNTY AS A WHOLE

Government-wide financial statements. The "government-wide financial statements" are designed to provide readers with a broad overview of the County of Muskegon's finances, in a manner similar to a private-sector business. These statements are presented on the full accrual basis of accounting which when viewed from the economic resources measurement focus can be used to determine whether the County has improving or deteriorating finances.

The "statement of net assets" presents information on all of the County of Muskegon's assets and liabilities, with the difference between the two being reported as "net assets". Over the years, increases or decreases in net assets may serve as one indicator of the change in the financial condition of the County.

The "statement of activities" presents how the net assets changed during the period just ended. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, *regardless of the timing of the related cash flows*. Thus, revenue and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods. Example of timing differences are uncollected taxes and earned but unused vacation leave.

Both of the government-wide financial statements distinguish functions of the County of Muskegon that are primarily supported by tax and intergovernmental pass through revenues (*governmental activities*) from other functions that were created and intended to recover most or all of their

costs through user fees and charges for services (*business-type activities*). The governmental activities include legislative, judicial, general county government, public safety, health, welfare, culture, recreation, and debt service. The business type activities include delinquent taxes, solid waste management, wastewater, regional water, and an international airport.

The government-wide financial statements include not only the County of Muskegon (*the primary government*) but also a legally separate Road Commission. The board of this organization is appointed by the County and there is a potential for liability to the County. The financial information of this component unit is reported separately from the financial information of the primary government itself.

Reporting on the County's major funds

Fund financial statements. A fund is a grouping of related accounts that is used to maintain control and reporting of resources that are segregated for a specific purpose or activity with defined objectives. The County of Muskegon is required by State law to use fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County of Muskegon are divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on the balances of spendable resources available at the end of the fiscal year. Such information is useful in evaluating the County's short term financing needs.

Because the focus of governmental funds is narrower than that of the government-wide statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide statements. By doing so, informed readers may better be able to understand the long-term impact of the County's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate the comparison between governmental funds and governmental activities.

The County of Muskegon maintains over one hundred twenty five individual funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General fund, Community Mental Health, and Water and Sewer Debt. All of these funds are considered major funds. Data from the other funds are combined into a single, aggregated presentation. Individual fund data for each of these non major governmental funds is provided in the form of combining statements elsewhere in the report.

The County of Muskegon adopts an annual appropriated budget for its general, special revenue, and debt service funds. Budgetary comparisons (original and final) have been provided for the major funds to demonstrate compliance with the budgets as required supplementary information. A

comparison of budget to actual expenditures is provided for all non major governmental funds in the combining financial statements - governmental funds by fund type.

Proprietary funds. The County of Muskegon maintains two types of proprietary funds. Enterprise funds are used to report the same functions presented as “business-type activities” in the government-wide financial statements. The County uses enterprise funds to account for fairgrounds, delinquent taxes, solid waste, fly ash disposal, airport, transportation, water and sewer operations. Internal service funds are used to accumulate and allocate costs internally among the County’s various functions. The County uses internal service funds to account for central printing, building maintenance, building and equipment purchases, insurance and risk management. Because these services predominantly benefit governmental rather than business-type activities, they have been included within the governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the 2007 Delinquent Tax, Solid Waste, Airport, Northside Water, and Wastewater Management, all of which are considered major funds of the County. Conversely, both internal service funds and other enterprise funds are combined into single column presentations in the proprietary fund financial statements. Individual fund data for the non major proprietary funds is provided in the form of combining statements elsewhere in this report.

Fiduciary funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the County. Fiduciary funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County’s own operations. The accounting used for fiduciary funds is like that used for proprietary funds (full accrual).

Notes to the basic financial statements. The notes provide additional information that is important to a full understanding of the data provided in the government-wide and fund financial statements.

Other information. In addition to the basic financial statements and accompanying notes, this report also provides certain required supplementary information concerning the County’s budgetary information as it relates to the actual expended and certain pension information with the corresponding trend data.

The combining statements referred to earlier in connection with non major governmental funds and internal service funds are presented immediately following the required supplementary information.

Government-wide Financial Analysis

As noted previously, net assets may serve as a useful indicator of the County’s overall financial health. The County of Muskegon’s assets exceed liabilities by \$203,169,852 at the close of fiscal year 2008.

The largest portion of net assets in the County (68%) are its capital assets (land, buildings, machinery and equipment), less related debt outstanding used to acquire these assets. The County uses these capital assets to provide services to Muskegon County residents and therefore, are not available for disposal to fund future projects or operations. Although the County's investment in capital assets is reported net of capital debt, it is noted that resources needed to retire this debt must come from future sources of revenue, as the assets themselves can't be used to liquidate these obligations.

County of Muskegon Net Assets

A portion (10%) of the County's net assets have certain restrictions placed on their use. The remaining balance of unrestricted net assets (\$44,504,670) can be used to meet the County's ongoing obligations to its residents and creditors.

A major portion (61%) of the Governmental total assets in the County are in liquid and short term receivables that give us a great ability to meet current obligations of short and long term nature. This ability translates into the freedom to meet changing conditions in the market place as well as changes in the economy of the surrounding area. The strength of our unrestricted net assets shows that we are aware of the ever changing face of government's operations and are prepared to respond to those needs.

Governmental Activities:

Governmental activities increased the County's net assets by (\$948,239). This increase in net assets was primarily due to increases in charges for services expenditures. Other elements of the increase are as follows:

Expenses and Program Revenues - Governmental Activities

Revenues by Source - Governmental Activities

- Property taxes decreased by \$7,343,276 (20 percent) during the year. This decrease reflects the ending of moving the property tax collection for December to July for County taxes.
-
- Operating Grants and Contributions increased 6% resulting from the State and Federal government increasing their participation in programs.
- Health expenses decreased by 5% do to construction projects for pass through municipalities being completed.
- Investment income decreased by 31% due to decreases in the market rates for CD's and other instruments.
- Other revenues increased due to the full annual cost of retirees health care now being paid through the insurance fund.

Business-type activities. Business-type activities increased the County of Muskegon's net assets by \$5,309,029. A substantial increase in water and sewer operating revenues and charges for services contributed to the increase in net assets.

Financial analysis of the Government's Funds

As noted earlier, the County of Muskegon uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds. The focus of the County of Muskegon's governmental funds is to provide information on near-term inflows, outflows, and balances in spendable resources. Such information is useful in assessing the County of Muskegon's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

For the current fiscal year, the County of Muskegon's governmental funds reported combined ending fund balances of \$36,918,402, an increase of \$851,782 in comparison with the previous year. Approximately 50% of the fund balance (\$18,434,441) constitutes undesignated fund balance, which is available for spending at the County's discretion. The remainder of the fund balance is reserved to indicate that it is not available for new spending because it has already been committed 1) to liquidate contracts and purchase orders of the prior period (\$11,112,804), 2) to pay debt service (\$2,024,002), 3) to cover a potential bad debt from a prior capital project (\$1,000,000), 4) to hold for future grant expenditures (\$3,263,452), 5) for long term notes receivable (\$50,000), 6) for perpetual care (\$50,303), for inventory and prepaid items (\$394,782), or, 7) for long term advances to other funds (\$588,618).

The general fund is the chief operating fund of the County of Muskegon. At the end of the current fiscal year, undesignated fund balance of the general fund was \$8,394,987 while total fund balance was \$9,068,372. As one measure of the general fund's liquidity, it is useful to compare both the unreserved fund balance and the total fund balance to total fund expenditures. Unreserved fund balance represents 19% of total general fund expenditures, while total fund balance represents 20% of that same amount. A comparison to prior year percentages show that fund balance increased by 1 percent.

Major revenues in the taxes area decreased by \$7,343,000 while charges for services increased \$5,946,000. Interest earnings went down \$787,000 with expenses decreasing \$1,885,000.

Expenses and Program Revenues - Business-Type Activities

Revenues by source - Business-Type activities

The debt service funds have a total fund balance of \$2,024,002, all of which is held for debt service payments. The increase in the debt service funds balance of \$223,004 reflects the governmental decision to only put amounts into the debt funds sufficient for debt payments currently due and payable within one year. There was one bond issuance during the year of \$6,000,000 for the Laketon Township sewer extension.

Proprietary funds. The County of Muskegon proprietary funds provide the same type of information found in the government-wide financial statements, but in more detail. Unrestricted net assets of the County Wastewater system were \$5,696,961, Airport at \$229,984, Northside Water at \$5,928,514 and the Solid Waste site at \$0 respectively. The total growth in net assets for these four funds was \$111,778, \$856,152, \$2,580,019 and \$1,663,932, respectively. The Delinquent Tax fund unrestricted net assets were \$1,450,303 with a net increase of \$1,450,303. Other factors concerning these funds have already been addressed in the discussion of the County of Muskegon's business-type activities.

General Fund budgetary highlights

The decrease between the original revenue budget and the final amended budget were small (less than 5%) and is briefly summarized as follows:

- Decreases in taxes due to the housing construction and sales being down from the previous year.
- Decreases in interest earned reflecting the national trend of decreasing interest rates.
- Decreases in charges for services because home sales were down significantly.

Budgeted expenditures decreased by approximately \$883,000. The largest decrease was in general county government for open positions and reduced fringe benefit costs. Total actual expenditures came in under budget which allowed for revenues to exceed expenditures for the year.

Capital Asset Administration

Capital Assets. The County of Muskegon's investment in capital assets for its governmental and business-type activities as of September 30, 2008 amounts to \$217 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery, equipment, lagoons, wastewater collection/distribution system, and capitalized interest and engineering. The total increase in the County of Muskegon's capital assets for the current fiscal year was 7%.

Major capital asset additions during the current fiscal year included the following:

- Continued Runway expansion (\$624,000)
- Wastewater equipment replacement and improvements to existing pump stations (\$26,216,000)
- Started construction of a new Transit parking garage (\$126,000)
- Expansion of the Northside water system (\$10,263,000)
- Purchase of land and buildings for County Department uses (\$1,216,000)

Additional information on the County of Muskegon's capital assets can be found in Note 6 of the "Notes to the Government Wide Financial Statements" of this report.

Long-term debt. At the end of the current fiscal year, the County of Muskegon had total bonded debt outstanding of \$124,286,506. Of this amount, \$16,025,000 comprises debt backed by the full faith and credit of the County; \$61,156,506 in revenue bonds backed by the County and participating municipalities; \$34,605,000 special assessment debt partially guaranteed by local municipalities; and finally, \$12,500,000 in delinquent tax notes backed by the property owners and secured by property tax liens.

The County's credit ratings was upgraded in 1998, 2000 and 2001. The current rating of AA- by Standard and Poors and a Moody's rating of A2 for general obligation debt is indicative of a strong economy for the County and results in lower bond interest costs.

County of Muskegon's Outstanding Bonded Debt

	<u>Governmental Activities</u>		<u>Business-type Activities</u>		<u>Total</u>	
	2008	2007	2008	2007	2008	2007
General Obligation Bonds	\$16,025,000	\$17,365,000			\$16,025,000	\$17,365,000
Special Assessment Debt with Governmental Commitment	34,605,000	28,980,000			34,605,000	28,980,000
Revenue Bond			\$61,156,506	\$45,238,839	61,156,506	45,238,839
Delinquent Tax Notes			12,500,000	10,500,000	12,500,000	10,500,000
Total	<u>\$50,630,000</u>	<u>\$46,345,000</u>	<u>\$73,656,506</u>	<u>\$55,738,839</u>	<u>\$124,286,506</u>	<u>\$102,083,839</u>

The County of Muskegon's total bonded debt increased by \$22,202,667 during the current fiscal year. The increase is attributed to normal debt payoffs of \$13,860,000 and the sale of the current year notes and bonds in the amounts of \$11,000,000 and \$25,062,667, respectively. The County issues notes each year to fund property taxes that are unpaid by the due date of March 1st. The other bond issues were for water and sewer expansion and equipment replacement.

The change in the ratio of net general obligation bonded debt to taxable valuation and the amount of bonded debt per capita are useful indicators of the County's relative debt position. The 2008 ratio was .21% with the bonded debt per capita at \$49.71. In 2007, the ratio is .24% with a bonded debt per capita of \$56.13. The reduction in both these indicators show a trend that has been occurring since 1996 showing that the County is growing satisfactorily without an increase in corresponding debt load.

Additional information on the County of Muskegon's long-term debt can be found in Note 7 of the notes to the financial statements.

Economic factors and General Outlook

For the period from October, 2005 through September, 2008, Muskegon County unemployment rates as compared to national rates were as follows:

	<u>Employment Data</u>							
	<u>2008</u> <u>County</u>	<u>2008</u> <u>USA</u>	<u>2007</u> <u>County</u>	<u>2007</u> <u>USA</u>	<u>2006</u> <u>County</u>	<u>2006</u> <u>USA</u>	<u>2005</u> <u>County</u>	<u>2005</u> <u>USA</u>
October	6.7	4.8	6.1	4.4	5.4	4.9	6.6	5.5
November	6.7	4.7	6.6	4.5	6.2	5.0	7.3	5.4
December	7.0	5.0	6.7	4.5	6.2	4.9	7.5	5.4
January	7.5	4.9	7.3	4.6	6.4	4.7	8.1	5.2
February	7.9	4.8	7.5	4.5	7.1	4.8	8.0	5.4
March	7.6	5.1	7.3	4.4	7.2	4.7	7.5	5.2
April	5.5	5.0	6.9	4.5	6.7	4.7	6.7	5.2
May	8.3	5.5	6.9	4.5	6.0	4.6	7.4	5.1
June	8.5	5.5	7.6	4.5	6.5	4.6	6.9	5.0
July	9.9	5.7	8.0	4.6	7.8	4.8	8.0	4.9
August	9.1	6.1	7.1	4.6	6.9	4.7	6.2	5.1
September	<u>9.2</u>	<u>6.1</u>	<u>7.3</u>	<u>4.7</u>	<u>6.9</u>	<u>4.6</u>	<u>6.1</u>	<u>5.0</u>
Average	<u>7.8</u>	<u>5.3</u>	<u>7.1</u>	<u>4.5</u>	<u>6.6</u>	<u>4.8</u>	<u>7.2</u>	<u>5.2</u>

Muskegon County's unemployment rate has increased compared to 2005. This is attributed to the downturn in the economy nationwide and particularly in Michigan.

General

The economic climate in Muskegon has is currently poor. Unemployment has increased above the 2005 level. Two projects stand out that show Muskegon County continues to provide an increase in the quality of living in Muskegon County. These are:

- Continued to expand our water and sewer system to urban areas to maintain a high quality aquifer for fish and wildlife.
- Started design and construction of a new Community Mental Health center to serve Muskegon County residents for the next 40 years.

Requests for Information

This financial report is designed to provide a general overview of the County of Muskegon's finances for all those with an interest in the government's finances. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the County of Muskegon, Office of the Administrator, 990 Terrace St., Muskegon MI 49442, telephone (231) 724-6520.

Amounts reported for Governmental Activities in the
Statement of Net Assets are different because:

Capital assets used for governmental activities are not
current financial resources and therefore are not reported in
the Governmental Funds Balance Sheet. 53,954,815

Internal Service Funds are used by management to charge the costs of certain
activities, such as insurance and equipment leasing to individual funds.
The assets and liabilities of the Internal Service Funds are included in the
governmental activities in the Government-wide Statement of Net Assets 8,447,001

Deferred revenue in Debt Service is recognized on the full accrual basis in the
Government Wide Financial Statements 34,550,000

Long term liabilities are not due and payable in the current period and therefore
they are not reported in the Governmental Funds Balance Sheet (57,197,001)

Net Assets of Governmental Activities \$ 76,673,217

County of Muskegon

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds To the Statement of Activities

For the Year Ended September 30, 2008

Amounts reported for governmental activities in the statement of activities are different because:

Net Change in fund balances - total governmental funds	\$ 851,782
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount of depreciation for the current period less outlays capitalized in the current period	(629,350)
The repayment of long term debt consumes current financial resources but does not effect net assets	1,715,000
Loss on the difference between the cost of a governmental asset and its accumulated depreciation is not recognized in governmental funds as it does not deduct from current financial resources	(26,126)
Recognition of special assessment revenue on debt with governmental commitment occurs annually in the governmental funds but is on full accrual for all amounts due in the Government Wide Statements	(430,000)
Recognition of special assessment revenue with the issuance of special assessment debt	6,000,000
The issuance of long term debt provides current financial resources but does not affect net assets	(6,000,000)
The accrual of sick and annual wages does not consume current financial resources but does reduce net assets therefore they are not reported in governmental funds	154,285
Due from other funds in the General Fund for cash deficits	3,257,679
Due to General Fund and proprietary funds in Governmental funds	(7,257,679)
Due to Proprietary funds from Governmental funds for cash deficits	4,000,000
Due from General Fund in Governmental funds	(4,000,000)
Due to other funds in the General Fund	4,000,000
Long term advances to Governmental funds	21,500
Long term advances to Internal Service funds	567,118
Long term advances from General Fund	(588,618)
Long term advances to Proprietary funds	900,583
Long term advances from Internal Service funds	(900,583)
Internal service funds are used by management to charge the costs of insurance, printing, central facilities, equipment, and risk management to individual funds	
The net revenue of certain activities of internal service funds is reported with governmental activities	(687,352)
Change in net assets of governmental activities	<u><u>\$ 948,239</u></u>

The accompanying notes are an integral part of this statement.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS

The County of Muskegon, Michigan, was incorporated on July 18, 1859, and covers an area of approximately 527.34 square miles with the county seat located in the City of Muskegon. The county operates under an elected Board of Commissioners (11 members) and provides services to its 170,000 residents in many areas, including law enforcement, administration of justice, transportation, waste disposal, road maintenance, community enrichment and development and human services.

a) Reporting Entity

The accompanying financial statements present the County and its discretely presented component unit, an entity for which the County is considered to be fiscally accountable. The discretely presented component unit is reported in a separate column in the government-wide financial statements to emphasize that it is legally separate for the County. The Muskegon County Building Authority is a blended component unit and its sole function is to construct and lease back buildings to the County. The authority has no financial activity as all costs are borne and reported by the County.

Discretely presented component unit. The Muskegon County Road Commission (MCRC) is responsible for maintaining a primary and local road system within county boundaries. The members of the governing board are appointed by the County Board of Commissioners and the County has significant financial responsibility for its operations. The County board also approves all debt issuances.

Complete financial statements for the individual component unit can be obtained from the entity's administrative office.

Muskegon County Road Commission
7700 E Apple Ave
Muskegon MI 49442

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

b) Fund Accounting

The financial activities of the county are organized on the basis of funds, each of which is considered a separate accounting entity. The operations of each fund are accounted for with a separate set of self-balancing accounts which comprise its assets, liabilities, fund equity, revenues and expenditures, or expenses as appropriate. Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled.

c) Government-wide and fund financial statements

The government-wide financial statements include a Statement of Net Assets and a Statement of Activities and Changes in Net Assets on all the non-fiduciary activities of the primary government and its component unit. Most of the effects of interfund activity have been removed from these statements. **Governmental activities**, which normally are supported by taxes and intergovernmental revenues, are reported separately from **business-type activities**, which rely primarily on users fees and charges for service. Likewise, the **primary government** is reported separately from certain legally separate **component units** for which the primary government is financially accountable.

The statement of activities demonstrate the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identified with a specific function or segment. Program revenues include 1) charges for services to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a specific function or segment and 2) operating grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment and 3) other revenues that are by definition related to the cost of providing a specific function or segment. Taxes, fines and other items not specific to particular functions or segments are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

d) Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements use the “economic resources” measurement focus and full accrual basis of accounting which also include the proprietary and fiduciary fund financial statements. Revenues are recorded when earned and expense are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenue in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period. A ninety day availability period is used for revenue recognition for all governmental fund revenues, except for property taxes, which are sixty days. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences and claim and judgements, are recorded only when payment is due or when amounts have been accumulated in the debt service fund for payments to be made early in the following year.

Property taxes, franchise taxes, special assessments, licenses, interest revenue and charges for services are considered to be susceptible to accrual and have been recognized as revenues in the current fiscal period. Only the portion of special assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the County.

The County reports the following major governmental funds:

The **General Fund** (1010) is the government’s primary operating fund. It accounts for all financial resources of the general government, except for those required to be accounted for in another fund.

Community Mental Health (2220) accounts for funds earmarked to provide mental health services within county boundaries. Monies are provided by federal, state, and county appropriations, grants, contributions and charges for services. This fund has several separate programs for the mentally impaired and developmentally disabled individuals. Both out-patient and in-patient services for adults and children are provided.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

d) Measurement focus, basis of accounting, and financial statement presentation - continued

Water and Sewer Debt (3650) accounts for revenues received from local municipalities for the payment of the limited obligation long-term debt (principal, interest and fees) of the County. This debt is a special assessment debt with governmental commitment associated with local municipalities, water and sewer installation and infrastructure improvements.

The County reports the following major proprietary funds:

2007 Delinquent Tax Revolving (5167) accounts for funds collected on delinquent taxes and held for debt payments and future appropriations to the General fund of the County for operations or to other funds for debt repayments on bond issues.

Solid Waste (5710) accounts for revenues received from, and expenses made for, the operations of a solid waste system. Monies for the operation of this fund are received from customers.

Airport (5810) provides direct and related services for both air carrier and general aviation aircraft. Airport activities are administratively divided into four areas: airfield, terminal buildings, hangars and other.

Northside Water (5910) provides for the continued operations of a regional water system for the townships of Dalton, Laketon and Muskegon.

Wastewater (5920) provides a innovative, comprehensive plan for utilizing wastewater for land treatment by spray irrigation. The land treatment system nearly eliminates industrial and municipal pollutants and utilizes the wastewater as water and fertilizer to grow crops. Revenues are derived primarily from municipal users and private corporations. Additional revenue is generated from sales of crops grown at the facility.

Additionally, the County reports the following fund types:

Internal service funds account for printing, building maintenance, building and equipment purchases, and insurance and risk management on a cost reimbursement basis.

Trust funds account for the perpetual care of retirees' medical and dental costs. These funds are legally held in trust for use only by the specified activities as described. The accounting for trust funds is like that used for proprietary funds (full accrual).

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

d) Measurement focus, basis of accounting, and financial statement presentation - continued

Agency funds account for monies that are custodial in nature (assets equal liabilities) and do not involve the measurement of results in operations. Agency funds are accounted for on the full accrual basis of accounting. Amounts held in the agency funds include ordinance fines and costs, payments in lieu of taxes, current real and personal property taxes, payroll withholdings and public safety funds.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in both the government-wide and proprietary fund financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board. Governments also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The County has elected not to follow subsequent private-sector guidance.

As a general rule the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are revenues in excess of expenses for tax collection and internal rentals of buildings and equipment in excess of depreciation and cost of money. Elimination of the revenues would distort the activity of the functions and would not reflect the proper future uses of the excesses collected for their specific governmental purposes.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the Wastewater, Solid Waste, Northside Water, and the Airport enterprise funds are charges to customers for sales and services. The County's internal service funds recognize as operating revenue internal transfers intended to recover the cost of providing specific benefits and equipment to employees and departments within County operations. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses. When both restricted and unrestricted resources are available for use, it is the County's policy to use restricted resources first, then unrestricted resources as they are needed.

The County reports deferred revenue on its Governmental Funds balance sheet. Deferred revenues arise when a potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Deferred revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the government has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized.

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

e) Receivables and payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either “due to/from other funds” (the current portion of interfund loans) or “advances to/from other funds” (the non-current portion of interfund loans). All other outstanding balances between funds are reported as “due to/from other funds”. Any residual balances outstanding between the governmental activities and business-type activities are reported in the government-wide financial statements as “internal balances”.

f) Inventories

Inventories, which consist of replacement parts, office supplies, drugs and medical supplies, are stated at cost using the first in, first out (FIFO) method in governmental funds, and at the lower of average cost or market in proprietary funds. Inventories are accounted for by the consumption method.

g) Capital Assets

Property and equipment are stated at cost. Expenditures which materially extend the useful life of existing properties are capitalized. All costs relating to the construction of facilities are capitalized, including salaries, employee benefits, and bond interest costs during the construction period. Capital assets are defined as assets with an estimated useful life of more than one year and with a unit cost of \$1,000 or more. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are valued and recorded at estimated fair market value at the date of donation. Capital assets are reported in the respective governmental or business-type activities columns in the government-wide financial statements.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets is included as part of the capitalized value of the assets constructed.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

g) Capital Assets - continued

All capital assets, including those purchased/constructed prior to the implementation of GASB 34 have been included for the primary government and component unit. The County has no infrastructure assets in its governmental activities. Property, plant, and equipment of the County, as well as its component units, is depreciated using the straight-line method over the following estimated useful lives:

	<u>Years</u>
Land improvements	10 - 100
Lagoon	98 - 100
Buildings and improvements	10 - 50
Machinery and equipment	3 - 25
Wastewater collection and distribution system	10 - 50
Infrastructure	5 - 50
Capitalized interest and engineering costs	47 - 50

h) Compensated absences

County employees are granted vacation and sick leave in varying amounts based on length of service. Upon termination, employees are paid (1) accumulated vacation at full rates with certain limitations for non-staff personnel, and (2) accumulated sick leave at death or retirement at three-quarters the employee's pay rate and at one-half the employee's pay rate for all other reasons. Vacation and sick pay is fully accrued in the government-wide and proprietary financial statements. Vacation and Sick long-term portion of \$6,567,001 has been recorded as a portion of the long-term debt in the government-wide financial statements. Vacation and Sick paid during the year has been made from the funds where the employees last worked. County Road Commission personnel are paid fully for accumulated vacation and nothing for sick leave upon termination. Upon retirement or death, personnel receive full accumulated vacation and one half the sick leave accrued.

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

i) Long-term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

j) Self-Insurance Fund

The county maintains a self-insurance fund. The purpose of this fund is to pay premiums and claims as they are billed or occur. For the self-insured areas of workers' compensation, medical and unemployment, the county maintains an incurred but not reported (IBNR) reserve in all areas.

k) Restricted Net Assets

The county's restricted net assets in the special revenue funds are restricted by contract and grant agreements with other municipalities.

l) Fund Balance Reserves and Designations

Long-term advances from the general fund to the internal service funds were made to finance and sustain the activities of these funds. A portion of the general fund balance is reserved in an amount equal to such advances to reflect the amount of fund balance not currently available for expenditure.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

l) Fund Balance Reserves and Designations - continued

As discussed in Note 4, the county has a long-term note receivable from the City of Muskegon Downtown Development Authority, which is held jointly by the capital projects and internal service funds. Portions of the capital projects fund balance have been reserved in amounts equal to their respective portions of such long-term note receivable to reflect the amount of the fund balance not currently available for expenditure.

Fund balances designated for programs and debt service represent amounts appropriated by the Board of Commissioners for specific projects which carry over each year.

Specific fund balances designated and reserved are:

General and Special Revenue

General Fund (1010)	\$673,385
Sobriety Court (1170)	1,298
Emergency Services (1190)	22,595
Marine Safety (1200)	17,723
Park Fund (2080)	132,977
Health Department (2210)	151,813
Community Mental Health (2220)	1,743,961
Accommodations Tax (2300)	75,624
Deed Automation Fund (2560)	884,070
TNT Drug (2671)	55,025
Prosecutor Drug (2672)	13,569

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES AND OTHER MATTERS - Continued

m) Budgets

The general, special revenue, and debt service funds are the governmental fund types under formal budgetary control. The county adopts its budget in accordance with Public Act 621, the Uniform Budgeting and Accounting Act, which mandates an annual budget process and an annual appropriation act to implement the budget.

1. A general, special revenue and debt service funds budget is presented to the Ways and Means Committee of the Board in September, at which time hearings on the budget are scheduled. A Public Hearing is held in August or September and a special meeting is held to give all elected officials the opportunity to discuss their budget with the Board.
2. The budget, and an appropriation ordinance implementing it, is then adopted in September.
3. Formal budget integration is employed as a management control device during the year for the general, special revenue and debt service funds. Formal budgetary integration is not employed for any other fund and only informational summaries are prepared as a management tool and are presented to the Board for consideration.
4. Budgets presented for the general, special revenue and debt service funds were prepared on the modified accrual basis of accounting. Encumbrances are not recorded at year end.
5. Expenditures may not legally exceed activity (department) totals in the general fund. All other special revenue fund expenditures and debt service funds cannot legally exceed their respective fund totals and must remain in accordance with their respective grant agreements with federal and state agencies.
6. Budgets for the current year are carefully reviewed in June or July for any revision of estimates. Proposed increases or reductions in appropriations are presented to the Ways and Means Committee and the Board in August and September for their action. The legislative body amends the general appropriation act as soon as it becomes apparent this action is necessary.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT POLICIES AND OTHER MATTERS - Continued

m) Budgets - continued

7. The Governing Board has the authority to amend all budgets at the fund level through the appropriation ordinance. It further has the right to amend the General Fund at the activity level if it desires. Management has no authority to amend budgets at the fund level. Management can do transfers within funds at the departmental level without governing board approval but not between departments. Some budgets are approved at the zero activity level when there appears to be no consistent operating data to project future revenues or expenses.
8. The budgetary information presented has been amended during the year by an official action of the County Board of Commissioners. The amendments were not significant in total.
9. All budget appropriations lapse at the end of each funds' fiscal year.

n) Grants and Third Party Cost Reimbursement Settlements

The county receives grants from other governmental units to finance specific programs. The grant revenues are recorded based on qualifying program expenditures, as determined by the county, and are subject to audit by the responsible agencies. Adjustments required upon final settlements are recorded in the period of settlement. Third party cost reimbursements are recorded at prospective rates and provisions are made at the end of each year to adjust such revenues to the reimbursable cost expected to be received. Adjustments required upon final settlements are recorded in the period of settlement.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 1 - SUMMARY OF SIGNIFICANT POLICIES AND OTHER MATTERS - Continued

o) Indirect Cost Rate

Administrative costs are recorded in the general fund as indirect costs in the county's accounting system and allocated to the various funds based upon a negotiated indirect cost plan. Indirect costs are defined by Federal Register CFR 2 Part 225 as costs "(a) incurred for a common or joint purpose benefitting more than one cost objective, and (b) not readily assignable to the cost objectives specifically benefitted without effort disproportionate to the results achieved." The indirect cost rate used by the county is based on prior cost experience, documented by a cost allocation plan, (published January 2008), and is approved by a cognizant federal agency (health and human services) in accordance with the provision of OMB Circular A-87. Upon the completion of an independent audit at the end of each fiscal year, the indirect cost rate is scrutinized and a revised fixed rate for future use is negotiated with the cognizant agency only if necessary. During 2008, the county's indirect cost rate was 9.1858% of direct salaries and wages, excluding fringe benefits. Certain other accounting policies are disclosed in subsequent footnotes.

NOTE 2 - PROPERTY TAX

Property taxes are levied and attached as an enforceable lien on property as of July 1 and December 1. Taxes are payable by March 1 with local treasurers. After March 1, taxes are delinquent and are collected by the county with additional penalty and interest added. Delinquent tax rolls are used to finance delinquent tax notes of which the proceeds are used to pay off the various taxing authorities around July 1. Collections of delinquent taxes (including penalty and interest) are kept by the county to repay the notes, with any remainder being remitted to the general fund. Any delinquent taxes not collected after two years have elapsed trigger the property to be foreclosed and sold at public auction, with a minimum bid of amounts due for taxes, interest and fees. The foreclosure sales occurs on or about September 1st. Therefore, under the statutes, total delinquency collection is assured.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 3 - CASH, CASH EQUIVALENTS AND TEMPORARY INVESTMENTS

Cash equivalents are short-term, highly liquid investments whose original maturity is three months or less.

State statutes require that certificates of deposit, savings accounts, deposit accounts and depository receipts are made with banks doing and having a place of business in the State of Michigan that are also members of a federal or national insurance corporation.

Investments

At September 30, 2008, the County had the following investments:

Treasury Bills	\$10,000,000
Certificates of Deposit	32,000,000
Commercial Paper	<u>4,908,519</u>
Total	<u>\$46,908,519</u>

Custodial Credit Risk Related to Deposits

Custodial credit risk related to deposits is the risk that, in the event of a bank failure, the County's deposits might not be recovered. It is the County's policy to reduce custodial credit risk related to deposits by using only pre-qualified financial institutions, broker/dealers, intermediaries and advisors. At September 30, 2008, \$77,434,664 of the County's bank balances of \$78,434,664 were exposed to custodial credit risk as follows:

Uninsured and uncollateralized	\$30,321,432
Uninsured and collateral held by third party custodian in County's name	2,900,000
Uninsured and collateral held by pledging bank's trust department not in the County's name	<u>44,213,232</u>
	<u>\$77,434,664</u>

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 3 - CASH, CASH EQUIVALENTS AND TEMPORARY INVESTMENTS - continued

Interest rate risk

Interest rate risk is the risk that the market value of securities in the portfolio will fall due to changes in market interest rates. It is the County's policy to reduce interest rate risk by structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities in the open market; and, investing operating funds primarily in shorter term securities, liquid asset funds, money market funds, or similar investment pools and limiting the average maturity in accordance with the County's cash requirements.

Custodial Credit Risk Related to Investments

Custodial credit risk related to investments is the risk that, in the event of the failure of the counterparty, the County will not be able to recover the value of its investments that are in the possession of an outside party. All of the County's investments are held in the name of the County.

Credit Risk

State statutes authorize the County to invest in obligations and certain repurchase agreements of the U.S. Treasury and related governmental agencies, commercial paper rated prime at the time of purchase and maturing not more than 270 days from the date of purchase, bankers acceptances and certificate of deposit issued or created by any state or national bank insured with the applicable federal agency, investment pools authorized by the Surplus funds Investment Pool Act and mutual funds composed entirely of the above investments. The following commercial paper was rated A1+ by Standard and Poors and P1 by Moody's and are not subject to credit risk:

Company Name	Amount purchased	Interest Rate	Due Date
UBS	1,480,725	2.600%	10/01/2008
UBS	1,469,344	2.780%	01/30/2009
UBS	979,075	2.850%	02/17/2009

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS -CONTINUED

September 30, 2008

NOTE 3 - CASH, CASH EQUIVALENTS AND TEMPORARY INVESTMENTS - continued

Company Name	Amount purchased	Interest Rate	Due Date
National City	979,375	2.810%	02/17/2009

The County had no investment policy that would further limit its investment choices. The County's investment in money market funds was not rated at September 30, 2008.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of the County's investment in a single issuer. The County will minimize concentration of credit risk by diversifying the investment portfolio so that the impact of potential losses from any one type of security or issuer will be minimized.

NOTE 4 - LONG-TERM NOTE RECEIVABLE

The county has a long-term note receivable from the City of Muskegon Downtown Development Authority (a Michigan nonprofit corporation) dated August 17, 1989 (issued in the face amount of \$1,000,000, interest free), which is held jointly by capital projects and internal service funds.

The note is included in the accompanying combined financial statements at its original face amount. The note is collateralized by a certain tax increment financing plan and by the assignment of the related leases, which are believed to provide adequate assurance for the realization of the notes.

NOTE 5 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS - continued

- b) Explanation of certain differences between the governmental fund statement of revenues, expenditures, and changes in fund balances and the government-wide statement of activities

The governmental fund statement of revenues, expenditures, and changes in fund balances includes a reconciliation between net change in fund balances - total governmental funds and changes in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that " Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. The details of this (\$629,350) difference are as follows:

Capital Outlay	\$2,062,288
Construction in progress changes in Internal Service	2,182
Internal Service asset purchases	(496,747)
Internal Service depreciation	920,968
Depreciation Expense as presented for Governmental Activities	<u>(3,118,041)</u>
Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental activities	<u>(\$629,350)</u>

Bonds payable to Michigan Municipal Bond Authority (MMBA) are under special State authority where bond funds are received based on reimbursable and allowed expenses for specific State Department of Environmental Quality approved projects. Funds are received until a predetermined limit is reached or the project is complete. Once the projects are complete, MMBA issues a final bond payment schedule. Until that time, bond principal payments are estimated based on the maximum bond amount. Principal payments commence after 18 months from date of original approval.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 7 - LONG-TERM DEBT - Continued

The special assessment bonds were issued by the county pursuant to contracts entered into with the City of Norton Shores, Egelston, Muskegon, Dalton, Fruitport, Laketon and Whitehall Townships for the financing of additional sewage collection and disposal and water supply systems for the contractees. Under the terms of the agreements, the contractees are to pay the county each year amounts sufficient to provide for debt service. The full faith and credit of the county and that of the respective participating municipalities are pledged for repayment of the bonds.

The Muskegon County Wastewater Management System No. 1 Bonds issued are a general obligation (revenue) bond issue repayable from the proceeds of contract payments by participating users in the system. The full faith and credit of the county and that of participating municipalities are pledged for repayment of the bonds. The General Obligation tax notes are issued by the county to pay the various local units of government their respective share of delinquent property taxes. The notes are collateralized by the assets of the respective Delinquent Tax Revolving Funds (\$22,674,810 at September 30, 2008) and the full faith and credit of the county.

The Building Authority Limited Tax Debt of the county is issued to pay for the construction of a new Community Mental Health Center repayable from building leases. In 1995, the voters approved a 16 million General Obligation Bond issued in 1996 for renovation of an arts and sports complex. Millage of .47 mills has been levied for the repayment of the bonds through the last bond payment in the year 2016. The full faith and credit of the county is pledged for repayment of the bonds. County Building Authority Limited Tax Bonds were used to remodel the former Family Independence Agency building, to build a new County fairground, to build a new airport terminal, and to remodel the County Hall of Justice. Lease payments are pledged for the payment of annual debt service along with the full faith and credit of the county.

Plan Description

The County of Muskegon has a defined benefit pension plan for its employees that provides retirement, disability and death benefits to its members and beneficiaries. The plan is administered by the Municipal Employees Retirement System (MERS), an agent multiple employer pension plan created under Public Act 135 of 1945. MERS issues a publicly available financial report that includes financial statements and required supplemental information for the County. This report may be obtained by writing to MERS, 1134 Municipal Way, Lansing , Michigan, 48917, or by calling (517) 703-9030.

Funding Policy

Members are required to contribute from 0-6.33 % of their annual covered salary. The County is required to contribute at an actuarially determined rate; the average current rate is 10.52 % of annual covered payroll. The contribution requirements of plan members and the County are established and may be amended by the County Board of Commissioners.

Annual Pension Cost

For 2008, the County's annual pension cost was \$4,486,180 with the full amount being paid. The required contribution was determined as part of the December 31, 2006 actuarial valuation, using the entry age actuarial cost method. The actuarial assumptions include: a) 8% Investment Rate of Return (net of administrative expenses) and b) projected salary increases of 4.5-12.9% per year. The actuarial value of the County MERS plan assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five year period. The County's unfunded actuarial accrued liability is being amortized as a level percent of payroll over the next 30 years. The amortization period is open.

NOTE 8 - PENSION PLAN-Continued

Three Year Trend Information (Dollar Amounts in Thousands)			
<u>Ending</u>	<u>Pension Cost (APC)</u>	<u>of APC Contributed</u>	<u>Obligation</u>
12/31/06	4,211	100%	0
12/31/07	4,443	100%	0
12/31/08	4,486	100%	0

The schedule of funding progress, presented as RSI following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 9 - LEASES

The County leases certain office space and equipment under operating leases, which expire on various dates through 2008, with aggregate minimum monthly rentals of \$3,672. Rental expense under operating leases was \$767,402 for the year ended September 30, 2008.

Insurance (6770)	<u>900,583</u>	
	<u>\$2,577,396</u>	<u>\$2,577,396</u>

All advances are for capital purchases in the Airport and Equipment revolving funds that will be repaid as funds are made available in the respective funds receiving the advances. The Drain Revolving fund advance will only be repaid if the activities in these funds cease to occur or management determines that there is a better way to handle the activities.

NOTE 11- COMMITMENTS

The County has two \$1,000,000 letters of credit with a local financial institution to cover any possible shortfalls in the County's coverage of the solid waste and fly ash landfills. The statutory authority for these obligations is PA Act 451 of 1994, Section 324.11523 (a).

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS-CONTINUED

September 30, 2008

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS (OPEB)

Plan Description

The County of Muskegon has a defined benefit postemployment healthcare plan for its employees that provides health and dental benefits to its retired employees and beneficiaries that commenced on October 1, 2006. The plan is administered by the Municipal Employees Retirement System (MERS), an agent multiple employer postemployment healthcare plan. MERS issues a publicly available financial report that includes financial statements and required supplemental information for the County. This report may be obtained by writing to MERS, 1134 Municipal Way, Lansing , Michigan, 48917, or by calling (517) 703-9030.

Funding Policy

Retired employees are required to contribute from 0-100% of the monthly medical and dental premiums based on their eligible years of service at time of retirement. Retired employees pay the full cost for spousal or family coverage. The County is required to contribute the annual required contribution of the employer (ARC) at an actuarially determined rate as required by the parameters within GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded liabilities (or funding excess) over a period not to exceed 30 years. The current ARC rate is 14.3% of annual covered payroll. The contribution requirements of plan members and the County are established and may be amended by the County Board of Commissioners.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS-CONTINUED

September 30, 2008

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) - continued

Annual OPEB Cost

For 2008, the County's annual OPEB cost was \$7,583,648 with the full amount being paid. The required contribution was determined as part of the December 31, 2007 actuarial valuation, using the entry age normal actuarial cost method. The actuarial assumptions include: a) 8% Investment Rate of Return (net of administrative expenses) and b) projected salary increases of 4.5-12.9% per year. The actuarial value of the County OPEB plan assets was determined using techniques that smooth the effects of short-term volatility in the market value of investments over a five year period. The County's unfunded actuarial accrued liability is being amortized as a level percent of payroll over the next 30 years. The amortization period is open. The net OPEB obligation for 2008 was as follows:

Trend Information (Dollar Amounts in Thousands)			
<u>Ending</u>	<u>OPEB Cost (ARC)</u>	<u>of ARC Contributed</u>	<u>Obligation</u>
12/31/07	7,045	100%	0
12/31/08	7,584	100%	0

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS-CONTINUED

September 30, 2008

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

Funding status and funding progress

The funded status of the plan as was as follows:

Analysis of Funding Progress

Valuation Date December 31	(1) Actuarial Value of Plan Assets	(2) Actuarial Accrued Liability	(3) Funded Ratio (1)/(2)	(4) Unfunded (Overfunded) Actuarial Liability (2) -(1)	(5) Annual Covered Payroll	(6) Ratio of Unfunded (Funding excess) to Covered Payroll (4)/(5)
2005	13,842,778	90,915,056	15%	77,072,278	44,152,941	175%
2007	19,886,261	91,103,381	22%	71,217,120	46,309,080	154%

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employees, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information that shows whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial liabilities for benefits. The actuarial valuation is completed every two years.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS-CONTINUED

September 30, 2008

NOTE 12 - OTHER POSTEMPLOYMENT BENEFITS (OPEB) (continued)

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the December 31, 2007, actuarial valuation, the entry normal age actuarial cost method was used. The actuarial assumptions included a 8 percent investment rate of return (net of administrative costs) and an average annual healthcare cost trend of 10.5%, reduced by decrements to an ultimate rate of 4.5 percent after 10 years. Both rates include a 4.5 percent inflation assumption. The actuarial value of OPEB assets was determined using the market value. The MERS unfunded actuarial accrued liability is being amortized as a level percentage of projected payroll on a closed basis. The remaining amortization period at September 30, 2008 is 28 years.

A separate trust fund was maintained until final transfer of funds for our new district library. During the year through September 30, 2008, expenditures of \$595,170 were transferred to the District Library Trust fund and \$11,543 was recognized for post-retirement health care. The trust fund was closed in March 2008.

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 13 - RISK MANAGEMENT

The County is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; error and omissions; injuries to employees and the public; and natural disasters. The County has a self-insurance (internal service) fund to account for and finance its uninsured risk of losses. Under this program, the self-insurance fund provides coverage for up to a maximum of \$300,000 for each Workers' Compensation claim, \$250,000 for each general liability claim, \$50,000 for each property damage claim, \$100,000 for each auto claim and the County is partially self-insured for medical costs with a lifetime maximum exposure of \$1 million per participant. The County purchases commercial insurance for claims in excess of the stated coverages and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three years.

All funds of the County participate in the program and make payments to the self-insurance fund based on experience estimates of the amounts needed to pay prior and current year claims and to establish a designation for catastrophic losses with the exception of Brookhaven Workers' Compensation claims which are funded directly by the department on actual claims paid. The designated amount at September 30, 2008 was \$2,824,284. The claim's liability of \$4,796,270 reported in the fund at September 30, 2008, is based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated.

Changes in the funds claims liability amount in fiscal 2007 and 2008 were:

	<u>Beginning of year liability</u>	<u>Current year claims and changes in estimates</u>	<u>Claim Payments</u>	<u>Balance at end of year</u>
2007	5,462,832	12,744,394	(12,691,798)	5,515,428
2008	5,515,428	13,641,328	(14,360,486)	4,796,270

County of Muskegon

NOTES TO BASIC FINANCIAL STATEMENTS - CONTINUED

September 30, 2008

NOTE 14 - CLOSURE AND POST-CLOSURE CARE COST

State and federal laws and regulations require the County to place a final cover on its Solid Waste landfill sites when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and post-closure costs will be paid only near or after the date that the landfills stops accepting waste, the County reports a portion of these closure and post-closure care costs as an operating expense in each period based on landfill capacity used as of each balance sheet date. The \$8.4 million reported as landfill closure and post-closure care liability at September 30, 2008 represents the cumulative amount reported to date based on the use of 54 percent of the estimated capacity of the landfills. The remaining life of the landfill is estimated to be 13 years. The County will recognize the remaining estimated cost of closure and post-closure care of the total \$17.8 million as the remaining estimated capacity is filled. These amounts are based on what it would cost to perform all closure and post-closure care in 2008. Actual cost may be higher due to inflation, changes in technology, or changes in regulations.

	Beginning of year liability	Current year changes in estimates	Balance at end of year
2008	\$10,265,925	(\$1,873,770)	\$8,392,155

The County is required by state and federal laws and regulations to make annual contributions to a trust to finance unanticipated closure and post-closure care. The County is in compliance with these requirements at September 30, 2008. The County expects that future inflation costs will be paid from interest earnings in the Solid Waste Funds. However, if interest earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by the trust fund set up for this purpose.

NOTE 15 - DISCRETE ENTITY NOTES

The following note relates to the Muskegon County Road Commission notes as they appear in their report. The notes are presented here to assure fair disclosure for those items as they appear in this comprehensive annual financial report.

(a) SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Compensated Absences

Road Commission employees are granted vacation and sick leave in varying amounts based on length of service and employee group. Unused vacation and sick leave days are paid to employees upon termination under limits that vary by employee group. The liability for these compensated absences is accrued when incurred in the government-wide financial statements. The current portion of this liability is estimated based on historical trends. A liability for these amounts is reported in the governmental funds only if they have matured, for example, as a result of employee resignations and retirements.

(b) CASH, CASH EQUIVALENTS AND INVESTMENTS

Custodial Credit Risk/Deposits

At year-end, the carrying amount of the commission's deposits was \$4,150,833 and the bank balance was \$4,189,622. Of the bank balance, \$100,000 was covered by federal depository insurance and \$4,089,622 was exposed to custodial credit risk as it was uninsured and uncollateralized.

Budgetary Information

Through its budget, the County allocates resources and establishes priorities based on submissions of requests by its departments and outside agencies. An annual budget assures that the County uses its limited resources efficiently and effectively. The budget also assures that its highest priority projects are completed. The budgetary basis of accounting is GAAP.

The annual budget serves from October 1st to September 30th of each year. It establishes the base for sound financial planning. It also provides performance measures and controls to permit the evaluation and adjustment of County resources as the need arises.

The County of Muskegon's budget has four major categories; personnel, supplies, services, and capital outlay. Personnel, supplies and services are recurring expenses (operational) while capital outlay are expenditures that are one time in nature. The capital outlay costs are for those items of a permanent nature that have a unit cost of \$1,000 or more.

The budgetary process starts in February when departments receive budget worksheets with assumptions that project expenses for the coming year. Departments add/change/modify these worksheets based on changing priorities and submit them to the budget department. The budget department reviews the worksheets for accuracy, and in conjunction with administration, suggest changes based on priorities as defined by the Board of Commissioners and revenue constraints. After administration review, departments go before the Board in a public meeting to discuss its priorities. In August, a draft budget is sent to the Ways and Means committee for final review. In August or September, the Board approves the final budget for the coming fiscal year.

General Fund budgetary highlights

The original budget estimated a 3.25% increase in salaries. The actual increase was 2.8%.

Interest rates decreased by about 20%. This caused an decrease in expected revenue of \$229,000

Overall, revenues were short from original expectations by \$2,234,000.

Budgetary amendments to the original budget

During the year, events occurred that caused our priorities to shift and therefore our budget to be modified. Some of the significant items were:

General Fund

- An increase in taxes due to the inflationary increase estimated at 5% coming in at 3.35%.
- Recording fees and transfer taxes were down \$310,000 due to the economy slowing down in the housing market.
- Administrative services revenue was reduced due to charges for some insurances are now going direct versus through the cost allocation plan.
- Inmate pay phone revenue has dropped due to an inmate usage drop.
- General liability insurance costs decreased as insurance reserves were still available to offset claims.

Expenditures in the departments of the General Fund were covered either by additional revenue or by reduction of fund balance

SPECIAL REVENUE FUNDS

The Special Revenue Funds account for specific activities (other than special assessments and major capital projects) requiring separate accounting because of legal or regulatory provisions or administrative action.

Cooperative Reimbursement-Prosecutor (1150)--to account for monies granted to the county by the Michigan Family Independence Agency for the prosecuting attorney's department to provide services to aid ADC recipients in accordance with the HHS approved state plan to establish paternity and securing child support.

Sobriety Court (1170)--to account for monies received by the County from State grants and fees collected to provide substance abuse services to those in the community.

Emergency Services (1190)--to account for monies granted to the county by the state and appropriated from the General Fund for the purpose of maintaining a department to provide essential services during emergency or disaster conditions.

Marine Safety (1200)--to account for monies granted to the county by the Department of Natural Resources and appropriated from the General Fund for the purpose of establishing a comprehensive marine safety program in the county and to provide sheriff's patrol and protection for the county's Lake Michigan shoreline and inland lakes and waterways.

Highway Safety Programs (1210)--to account for monies granted to the county by the state for the purpose of providing additional car miles of traffic safety enforcement, emergency assistance, safety inspection and accident prevention patrol of roads and parks as described in P.A. 416 of 1978.

Township Patrols (1240)--to account for monies received by the county from participating townships to provide enhanced road patrol protection to those geographic areas.

Park Fund (2080)--to account for monies received by park fees and vehicle permits and county appropriations for operation and administration of all park lands and properties in Muskegon County.

Prosecutor Family Court (2140)--to account for monies received by the county from the Family Independence Agency to hire personnel who are assigned to the Family Court Division to represent children in abuse/neglect cases.

Family Court (2150)--to account for monies received by Muskegon County from state grants. The money is used to assist in establishing paternity and securing child support payments.

Health Department (2210)--to account for monies received by Muskegon County from federal and state grants. The Health Department is a large complex system servicing county residents by providing numerous programs. Some examples are: environmental health, air pollution, communicable disease, alcohol prevention, dental care, maternity care, family planning, personal health and nurses support.

Accommodations Tax (2300)--to account for the collection and related expenses connected with a five percent excise tax which is imposed on all persons engaged in the business of providing rooms for transient guests within the County of Muskegon. It has been adopted pursuant to Act No. 263, Public Acts of the State of Michigan, 1974 and an ordinance adopted by the Muskegon County Board of Commissioners on February 20, 1981.

CDBG Housing Grant (2470)--to account for Federal pass-thru funds received to provide repairs and remodeling of homes for low income residents.

Deed Automation Fund (2560)--to account for fees collected to enhance and maintain technology in the register of deeds office.

Budget Stabilization (2570)--to account for monies appropriated from the county for the purpose of maintaining the current level and quality of public service. Funds are to be used only in the occurrence of an identified shortfall during any single budget period.

Law Library (2610)--to account for monies set aside for the purpose of maintaining a law library.

Community Corrections (2640)--to account for monies granted to the county by the state to provide alternatives such as tethers, bail screening and additional probation and alleviate jail overcrowding problems.

Project Cornerstone (2650)--to account for monies granted to the county by the Federal government to collaborate with local governments to hire personnel who are dedicated to work with police, public agencies, and private citizens/organizations to assist in maintaining and improving target areas for quality of life issues.

TNT Drug (2671)--to account for proceeds of forfeited property seized in connection with a violation of the controlled substance statutes. These funds are set aside for drug law enforcement.

Prosecutor Drug Fund (2672)--to account for the 10% administrative costs assessed to local municipalities on the proceeds for forfeitures in connection with drug related crimes handled by the Prosecutor's Department.

WIRED (2730)--to account for Federal pass-through funds used in bringing State, Local, and Federal entities; academic institutions, investment groups, foundations, and business and industry to create innovative approaches in integrating economic and workforce development activities to stay competitive in the face of 21st Century global competition.

Wagner Peyser (2731)--to account for Federal pass-through funds for recruiting, selecting, and advancing employees on the basis of their relative ability,

knowledge and skills.

TAA/NAFTA (2733)--to account for Federal pass-through monies that provide training and economic assistance to workers dislocated as a result of increased foreign trade.

Michigan Prisoner Re-entry (2734)--to account for Federal pass-through monies to reduce crime and enhance public safety by providing services helping prisoner's transition back into the community.

Work Incentive Grant (2735)--to account for Federal pass-through funds to develop and market information about employment opportunities for individuals with disabilities.

Workfirst (2751)--to account for Federal pass-through funds from the Michigan Family Independence Agency to provide occupational skilled training for Muskegon and Oceana county adults.

Food Stamp Program (2759)--to account for Federal pass-through funds that provide work activities for those who would otherwise lose food stamp assistance because of the time limits imposed under welfare reform legislation.

WIA Admin Pool (2760)--to account for Federal pass-through funds from the state received by the county as a prime sponsor for Muskegon and Oceana Counties under the Workforce Investment Act. These funds are targeted for training and employment programs for the unemployed and economically disadvantaged citizens of Muskegon and Oceana counties.

WIA Adult Program (2761)--to account for Federal pass-through funds from the state received by the county as a prime sponsor for Muskegon and Oceana counties under the Workforce Investment Act. These funds are targeted for training and employment of economically disadvantaged adults.

WIA Youth Programs (2762)--to account for Federal pass-through funds used pursuant to the goals of the local community and Workforce Investment Act to provide youth opportunities for assistance in both academic and occupational learning; developing leadership skills; and preparing for further educational opportunities, additional training, and eventual employment.

WIA Dislocated Worker Program (2763)--to account for Federal pass-through funds used in coordination with unemployment compensation, Trade Adjustment Assistance and Rapid Response assistance to provide the dislocated worker population job finding, placement, and re-employment services.

WIA-SWA No Worker Left Behind (2764)--to account for Federal pass-through funds to provide tuition payments to enable workers to acquire the necessary skills to succeed in the 21th century global economy.

Strategic Planning (2765)--to account for State funds granted to the county from the State of Michigan for the development of an integrated strategic plan that addresses the successful achievements of multiple goals of Muskegon County.

WIA Youth Statewide (2766)--to account for State funds to supplement WIA Youth Program activities.

WIA Service Center Operations (2767)--to account for Federal pass-through funds from the state received by the county used to support the activities of local one stop service centers.

Incumbent Worker Statewide (2768)--to account for Federal pass-through funds for assistance to companies in averting layoffs by providing upgraded skills and training to current employees.

Reed Act Funds (2769)--to account for Federal pass-through funds to supplement a portion of the existing Work First and Service Center Operations.

WIA SWA TANF Replacement (2770)--to account for Federal pass-through funds for statewide activities funding which replaces the reduced TANF funding.

Crime Victims' Rights (2800)--to account for Federal and State funds received by the county to pay for coordinators to work with and support victims of a crime. The coordinators advise victims of their rights, make referrals to appropriate counseling agencies, if necessary, and acts as a liaison between the victim and the criminal justice system.

Berry Junction Bike Trail (2825)--to account for revenues and expenditures associated with development, planning and construction of the Berry Junction Bike Trail.

Juvenile Accountability Incentive Block Grant (2831)--to account for monies to hire personnel to prosecute for juvenile crimes. Remaining funds will cover drug testing for adjudicated individuals, training, substance abuse assessments and group treatment.

Facility Master Plan (2840)--to account for county funds for the analysis and recommendations of building/rebuilding county facilities.

Revenue Sharing Reserve (2850)--to account for property tax revenues created by shifting the County operating tax levy from December to July over a three year period. State Revenue Sharing and SBT payments were eliminated in the State's fiscal year 2005 budget and this reserve fund represents a temporary replacement of that revenue stream to the General Fund until 2011.

EDC Loan Revolving (2860)--to account for monies granted from the State of Michigan Department of Commerce to accommodate loans made by the County of Muskegon Economic Development Commission to area businesses for expansion of those businesses.

Rambusch-Fuchs CDBG Grant (2873)--to account for monies from the federal government for use in the construction of a commercial lighting company in the County of Muskegon.

Downtown Redevelopment Project (2876)--to account for monies recieved by the county from the State and passed through to the City of Muskegon for redevelopment of the downtown urban area.

Digital Divide Investment Program (2881)--to account for grants received from the State of Michigan to implement and deploy a broadband infrastructure project in low and moderate income designated areas of Cedar Creek, Egelston, Holton and Moorland Townships and the Village of Lakewood Club.

Remonumentation Program (2890)--to account for grants received from the State of Michigan for surveying and reestablishing section corners.

Brookhaven (2900)--to account for revenues received from insurance providers, governmental agencies and patients (or their representatives) for the operation of a medical care facility for the care of the elderly and infirm.

Social Welfare (2910)--to account for state funds for providing assistance in housing, food and child care for the indigent population in Muskegon County

Child Care Facility (2920)--to account for state grant monies and county appropriations to aid children who need to be placed outside their homes, supporting a centralized care facility for children and the support of foster children in foster care homes.

Veteran's Trust (2940)--to account for monies received from the state to aid U.S. military veterans who are residents of the State of Michigan and County of Muskegon.

Mental Health Buildings (2970)--to record the revenues received from Hackley Hospital and Community Mental Health for use in maintaining the Community Mental Health Building.

Victim Restitution (2980)--to account for fines from juvenile traffic offenders and used to repay victims for property damaged by those juveniles.

DEBT SERVICE FUNDS

Debt services funds are permitted rather than required. The funds listed here are required because financial resources are being accumulated for principal and interest payments maturing in future years.

Quality of Life Debt (3111)--to account for the accumulation of resources and the payment of general long-term debt principal and interest associated with the Frauenthal Center and Walker Arena renovations.

Hall of Justice Debt (3130)--to account for the accumulation of resources and the payment of general long-term debt principal and interest associated with the Hall of Justice.

Halmond Center Debt (3142)--to account for the accumulation of resources and the payment of general long-term debt principal and interest associated with the Halmond Center.

CAPITAL PROJECTS FUNDS

The use of capital project funds is permitted rather than required. Capital project funds are used to report major capital acquisitions or construction separately from the County's ongoing operations. Capital projects for proprietary and trust funds are reported within their respective funds.

CMH Apple Building (4140)--to account for revenue and expenditures associated with the addition and improvement of a County Mental Health Center.

Laketon Township Sewer Project (4634)--to account for revenues and expenditures for constructing a sewer extension to serve property in Laketon Township.

Muskegon/Egelston/Dalton Sewer (4641)--to account for revenues and expenditures for extending sewer systems to surrounding rural areas of the county.

Whitehall Township Water (4645)--to account for revenues and expenditures for extending the regional water system to surrounding rural areas of the township.

Public Improvement (4930)--established by appropriation from the county's General Fund for future general projects developed according to the county's capital improvement budgeting program. While its use is intended for capital improvements, it is not restricted to that purpose.

Capital Improvement (4960)--to account for resources used for the acquisition of capital facilities. Its purpose is to accumulate funds to finance, entirely or partially, capital projects from resources other than bond indebtedness. It is restricted to capital improvement expenditures.

Drain Revolving (6010)--to account for monies spent by the Drain Commissioner prior to actual levies for specific drain work. The monies for this purpose are loaned from the county's General Fund and replenished as assessments are made.

Drain Projects (8010)--to account for the monies received and expended by the Drain Commissioner for the purpose of creating, extending, and repairing drains within the county.

PERMANENT FUNDS

Permanent funds are used to report resources that are legally restricted to the extent that only earnings from investments within the fund can be used to support the programs that they were originally designed.

Cemetery Trust (1500)--to account for monies earned and expended on the flower maintenance of Cemetery plots in County maintained cemeteries

Medical Care Facility Endowment (1550)--to account for monies earned and expended for the residents of the Brookhaven Medical Care Facility

County of Muskegon

Non-Major Governmental Funds

Combining Balance Sheet

NON-MAJOR PROPRIETARY FUNDS

Fairgrounds Operations (5083)--to account for building and maintaining the county fairgrounds and horse training track. Funds are provided by the renting of horse stalls.

Delinquent Tax Revolving Funds (5100, 5110, 5165, 5166)--to account for monies borrowed in anticipation of delinquent taxes being collected. The purpose of these funds is to pay each local unit, including the county's General Fund, the respective amount of taxes that are not collected as of March 1 of each year.

Muskegon County Land Bank (5500)--to record revenues received from, and the expenses made for, the returning of blighted, tax-reverted properties to productive and viable use.

Fly Ash Program (5711)--to record the revenues received from, and the expenses made for, the disposal of fly ash. Monies for the operation of this fund are provided by charges to Consumers Power and Sappi for services.

Muskegon Area Transit System (5880)--the Muskegon Area Transit System provides public transportation with ten regular routes and two special routes. The sources of funds are the Michigan Department of Transportation (paying 35% of the operating costs), the Urban Mass Transportation Administration (paying 50% of the operating costs), and the local contributions (paying 15% of the operating costs).

Muskegon Trolley Company (5890)--provides local transportation for tourists and special events within the County. All funds are local in nature.

INTERNAL SERVICE FUNDS

Central Stores (6330)--to account for the general county printing services which provides all common offices with necessary support.

County South Campus (6340)--to account for the operations and maintenance of county buildings clustered in a one block area. This fund is self-sustaining with the revenues generated to be used for maintaining the buildings.

Equipment Revolving (6660)--to account for revenues collected on equipment leased to user departments of the county. The fund is self-sustaining with the revenues generated to be used for replacement of broken and outdated equipment.

Insurance (6770)--to account for revenues collected from user departments for the payment of insurance premiums and claims. The county is self-insured for workers' compensation, unemployment insurance, health insurance, dental insurance and collision on auto fleet insurance.

CMH ISF Risk (6772)--to cover the potential risk of actual expenses associated with the delivery of behavioral health and developmental disabilities services to the Medicaid and uninsured population exceeding a contractual funding level.

AGENCY FUNDS

Agency (7010)--to hold monies for later distribution to other agencies or persons. Specifically, District Court holds ordinance fines and costs, appearance bonds, garnishments and restitutions. The Treasurer holds accounts including tax reverted lands, swamp land tax, payments in lieu of taxes and current real and personal property taxes. The administrative area hold Social Security payments, retirement payments, state-withheld income taxes and other payroll deductions.

Library Penal Fines (7210)--to account for monies received from District Court fines, in accordance with state statute (Section 4851 of Act 236 of the Public Acts of 1961), which are allocated annually for operations of the county's libraries.

Central Dispatch (7708)--to account for monies received from state and local grants, as well as assessments on participating municipalities for the operation and updating of the public safety communications services.

District Library (7810)--to account for monies received from federal, state and local grants for the operation of a county-wide district library.

Labor Management Program (7910)--to account for monies received from various employers who provide funding for this program, the purpose of which is to improve productivity and the quality of work life by assisting in the establishment of good labor-management relationships.

CMH Client Funds (7930)--to account for monies held in trust for clients of the county community mental health department.

Muskegon Veterans Affairs (7940)--to account for monies received for the operation of a veteran's center.

Orchard View (7982)--to account for monies received from the state for employment of economically disadvantaged youths.

STATISTICAL SECTION

This part of the County of Muskegon’s comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the government’s overall financial health.

Financial Trends 176

These schedules contain trend information to help the reader understand how the County’s financial performance and well-being have changed over time

Revenue Capacity 185

These schedules contain information to help the reader assess the County’s most significant local revenue source, the property tax.

Debt Capacity 189

These schedules present information to help the reader assess the affordability of the County’s current levels of outstanding debt and the County’s ability to issue additional debt in the future.

Demographic and Economic Information 194

These schedules offer demographic and economic indicators to help the reader understand the environment within which the County financial activities take place.

Operating Information 196

These schedules contain service and infrastructure data to help the reader understand how the information in the County’s financial report relates to the services the County provides and the activities it performs.

Source: Unless otherwise stated, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

Source: Municipal Advisory Council

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the county. The schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and businesses of the County of Muskegon. This process recognizes that, when considering the government's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

¹The percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of the county's taxable assessed value that is within the government's boundaries and dividing it by the county's total taxable assessed value.
